

NOTICE

THE COVERED DEVICE RECYCLING ACT

After January 1st, 2013, no person may dispose of a covered device or its components: **desktop or notebook computer or computer monitor or peripherals, and televisions.**

Our trash hauler and the Borough will no longer pick these items up. Spring City Borough is a participant in the Chester County Household Hazardous Waste Collection Program and residents of the Borough may drop off these items on the dates and at a location in the County's 2013 Event Collection Schedule.

The County Schedule will be announced at a later date. Check back at the Borough's website for dates, times, and locations.

Thank you.
